

Dear Parents/Guardians:

The Kansas State Board of Education launched a new vision for education – Kansas leads the world in the success of each student. This vision focuses on identifying and addressing the unique needs of each student. A key piece of this vision is helping students to explore and identify their passions while graduating them with the skills needed to be successful in the workforce and in life.

To better address the needs of current and future students, the Kansas State Department of Education is surveying parents and guardians of children 18 years of age or younger about their current perceptions about various post-high school opportunities. In other words, how do you as a parent or guardian define success for your child?

Please take five minutes to complete the following survey, answering questions in respect to your oldest child who is today 18 years old or younger.

Thank you in advance for your participation in this short survey and for all you do to help our state prepare the next generation of Kansas children for tomorrow's workforce.

Click the link to begin the survey now: <https://www.surveymonkey.com/r/DJ5HB5T>

Sincerely,

Dr. Randy Watson
Kansas Commissioner of Education
