11/4 Wednesday...PTO meeting @ 6:30

Accelerated Reader The following students moved up a club this week!
Kyle McHenry and **Isaiah LaDuron** moved into the 50 point club.
Julia Rivera entered the 100 point club!
Austin Fowler rambled into the 400 point club!
Jared Miller zoomed into the 500 point club!
Jared's name will be added to the plaque near the office soon! Be sure to watch for it!

Have you seen these AWESOME "Bear Pride" shirts? Would you like one? It is not too late. We will offer them one more time--from now until Monday, Nov. 2nd. Ask the members of the Science Team or the office for an order form. Don't be left out this time. These shirts are truly awesome and will not be offered again. Order forms available in the office.

PTO.....**Room parents...remember the Fall parties! The next PTO meeting will be Wednesday, November 4th at 6:30 PM in the Teachers' Workroom.**

SAVE THOSE "BOX TOPS FOR EDUCATION". The Elementary Science Team is collecting them to help pay for maintaining the Outdoor Classroom and have an automatic watering system installed in the ABC Garden at the entrance to the Elementary School. So save those ***Box Tops for Education*** & send them to school.

"TELL US BY 2:00"....**As much as possible, if your child will have a change in afternoon dismissal plans, PLEASE "Tell Us By 2:00". The office gets quite crazy at the end of the day, so if possible, send a note in the morning or call as soon as you know of the change. Thank you so much!**

Family Math Night October 29, 2009

The annual night of family math fun will be held on Thursday, October 29th. Registration for the amazing math activities will be 6:15-6:30. The fun will begin promptly at 6:30 and conclude at 7:30. Students from preK through 6th grade are welcome. Since the evening is "Family" Math Night, each student must be accompanied by an adult. All activities are free, so don't miss out!

Math Baseball?.....Word Turtle?

Does your first grader come home talking about Math Baseball? Does your third grader tell you he beat Word Turtle? Both of these internet based educational games, and many more, are located at **www.funbrain.com**. It's a great site for 1st graders and up!

The "Green Corner"...consider changing your incandescent light bulbs with efficient compact fluorescent bulbs. These bulbs use 80% less energy than the older bulbs!
